To Whom It May Concern:

This shall serve as written confirmation that I oppose the Yucca Mountain Site being established as a nuclear materials storage/disposal area, in essence, the nation's nuclear dumping ground. I am a native Nevadan and I hope this will tell you that I, and many others that I know, are all against this.

Thank you for your time and attention. I appreciate living in a country that provides the opportunity to express our opinions. God Bless America!

Sincerely,
